SHREE SANTKRUPA INSTITUTE OF ENGINEERING & TECHNOLOGY (B.TECH), GHOGAON (KARAD)

Perspective Plan

A.Y.2018-19 to A.Y.2027-28

INSTITUTE AT GLANCE

In an era of fast changing scientific and technological advancements, stringent requirements in the functioning of technical institutions are imposed which requires continuous up gradation and addition of facilities. Keeping this view in mind, our Institute has always been trying to provide the best of facilities possible for the students. We do expect our students to be extraordinary in the present technological scenario of globalization. Therefore we have converted our Diploma Engineering into Degree Engineering in 2017 so that the students in rural areas can get a chance to obtain higher technical education at affordable cost.

The Institute is approved by All India Council for Technical Education (AICTE), New Delhi, Director of Technical Education, Mumbai, affiliated to Dr. Babasaheb Ambedkar Technological University, Lonere and managed by Shree Santkrupa Shikshan Sanstha, Ghoagon. We have four branches of Engineering – Civil, Mechanical, Electrical and Computer Science. You may log on to our website http://sietghogaon.org/ where you will be able to see a panorama of the Institute's activities.

Through the excellence of its academic programmes, the strength of its faculty, their support services, and the range of students' activities, the Institute provides opportunities for the fullest possible development of potential of all students who have diverse backgrounds.

Due to good academic career and versatile development of students, around 60% to 70% students are being placed in reputed industries through campus as well as through pool campus interviews. The rest of students prefer higher education and research. We are really proud of our management for their continuous support in the progress of our college.

PRINCIPAL'S FOREWORD

The Perspective plan of the Institute has been prepared in the context of the Vision, Mission and the Goals of the Institute for the next 5 Years. This strategic plan was developed by taking into consideration the National Assessment and Accreditation Council first cycle Peer Team recommendations in 2019 .It was discussed in Internal Quality Assurance Cell and then incorporated in its final form. I wish to thank all the Management Committee members, distinguished Alumni, IQAC Coordinator, all the criteria head, all the teaching and nonteaching staff for their valuable inputs and constant efforts in compiling the Strategic Plan. I wish this Perspective Plan will make a road map and path to the SSIET to become a top higher educational Institute and a Centre of Excellence in the academic world.

Vision and Mission of the Institute

VISION :

To become centre of excellence in technical education, research & innovation for overall upliftment of the society/stakeholders of Western Maharashtra.

MISSION :

1. Adopt continually improving standards for the teaching-learning process.
2. Encourage the students to come with innovative ideas & for research activities.
3. Develop professional ethics, values & skills to enable them to strive for excellence.

QUALITY POLICY :

To establish "Center of Excellence" in Technical Education by:

1	Appointing and retaining qualified faculty having good sound knowledge in the field of science and engineering stream and make special effort to train them.
2	Developing excellent teaching –learning process by establishing cohesive bond between students, faculty and industries.
3	Keeping consistency in better Academic results.
4	Promoting association with well-known reputed Educational Institutes, Research Organizations and Industries.

Vision, Mission & Program Educational Objectives

(PEOs) of The CSE Department

VISION :

To develop industry ready engineering professionals through quality computational education, expertise in software development, innovations and human values.

MISSION :

1	Providing experiential learning and quality training program in collaboration with industry to meet the changing need of the society.
2	To impart professional, social and ethical values in students for their lifelong learning.
3	To Improve need-based development of software with problem-solving attitude for innovative research in an interdisciplinary field.

PROGRAM EDUCATIONAL OBJECTIVE (PEOs) :

PEO 1	Graduate will exhibit effective personality, good communication, team building skills and adoption of latest technology.
PEO 2	Promote the awareness of knowledge-based education in students to introduce them the professional issue related to the global economy, emerging technologies, environment etc.
PEO 3	Establish attitude for continuous learning and applying the acquired knowledge for emerging challenges in the computation domain.
PEO 4	Graduates will be prepared for the career in industry, entrepreneurship, research and development and lifelong learning.

Program Outcomes (POs) and Program Specific Outcomes (PSOs) of The CSE Department

Program Outcomes (POs)

1. Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
2. Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specific needs with appropriate consideration for the public health and safety, and the cultural, social, and environmental considerations.
4. Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
5. Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
6. The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
7. Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
8. Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
9. Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
10. Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one"s own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
12. Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Program Specific Outcomes (PSOs)

1. The computer science and engineering graduates will prepare to apply the knowledge of mathematical, programming, data science, networks and software engineering principles and be able to design and develop latest software technologies.
2. Develop their skills to understand, analyze and formulate solution to real world problem in interdisciplinary field through trainings, seminars and various levels of projects etc.

Course Title(Course Code) : Internet of Things BTCOL607 Class : TY CSE

Sr. No.	Practicle No.	Practicle Details	Batch No	Allocated Hrs.	Date of Planning	Date of Complition	Conduction Method
1	1	Study of Raspberry-Pi, Beagle board, Arduino and other micro controller	1	2	13-04-2022	27-04-2022	Hands On
2			2	2	07-04-2022	28-04-2022	Hands On
3	2	Study of different operating systems for Raspberry-Pi. Understanding the process of OS installation on Raspberry-Pi.	1	2	20-04-2022	04-05-2022	Hands On
4			2	2	21-04-2022	05-05-2022	Hands On
5	3	Study of Connectivity and configuration of Raspberry-Pi circuit with basicperipherals, LEDS. Understanding GPIO and its use in program.	1	2	27-04-2022	11-05-2022	Hands On
6			2	2	28-04-2022	12-05-2022	Hands On
7	4	Write an application to read the environment temperature. If temperature crosses a threshold value, the application indicated user using LEDSs.	1	2	04-05-2022	18-05-2022	Hands On
8			2	2	05-05-2022	19-05-2022	Hands On
9	5	Understanding the connectivity of Raspberry-Pi circuit with IR sensor. Write an application to detect obstacle and notify user using LEDs.	1	2	11-05-2022	08-06-2022	Hands On
10			2	2	12-05-2022	09-06-2022	Hands On
11	6	Understanding and connectivity of Raspberry-Pi with camera. Write an application to capture and store the image.	1	2	18-05-2022	08-06-2022	Hands On
12			2	2	19-05-2022	09-06-2022	Hands On
13	7	Study of different CPU frequency governors. Write an application to change CPU frequency of Raspberry-Pi.	1	2	01-06-2022	08-06-2022	Hands On
14			2	2	26-05-2022	09-06-2022	Hands On
15	8	Write an application using Raspberry-Pi to control the operation of a hardware simulated traffic signal	1	2	08-06-2022	15-06-2022	Hands On
16			2	2	02-06-2022	22-06-2022	Hands On
17	9	Write an application using Raspberry-Pi to control the operation of a hardware simulated lift elevator.	1	2	15-06-2022	15-06-2022	Hands On
18			2	2	09-06-2022	22-06-2022	Hands On
19	10	Write a server application to be deployed on Raspberry-Pi. Write client applications to get services from the server application.	1	2	22-06-2022	24-06-2022	Hands On

E-Governance Policy

Shree Santkrupa Institute of Engineering & Technology Ghogaon, (Karad) has designed E-Governance Policy with primary objectives of implementing E-Governance in various services of the institution. To have an integrated user friendly enterprise resource planning (ERP) solution to automate various modules of the institution functioning. Adequate training to all the faculty and staff members has been conducted. In this direction a few vendors of ERP software are called and quotations are invited as per the recommendations of the technical committee of the institution and suitable ERP has been deployed and put into the appropriate use. The institution understands the importance of integration of ICT to enhance the overall administration. E Governance is not only participatory but also accountable and transparent for the smooth functioning of the administration. E-governance can facilitate speedy information, dissemination, improving administrative efficiency and public services in all aspects of education.

Objective:

1. Implementing e-governance in various aspects of the institution.
2. Improving the efficiency of our operations.
3. Promoting transparency and accountability.
4. Achieving paperless institution administration.
5. Facilitating online internal and external communication among the institution's various entities.
6. Making information readily available.

E-Governance Domains:

1. Website: The institution website needs to be updated to reflect the recent changes. The website shall serve as a reflection of the college's operations, with information about all activities, important updates, and other information readily accessible to visitors.

2. Admission Details: The admission details including student admit year, branch, register number and type can be easily recorded. The data can also be retrieved easily.

3. Administration Details: The ERP software allows for easy recording and maintenance of details like preparation of academic calendar, fee type, creating user logins for students and faculty etc.

4. Library: ERP helps in simplifying the procedure and saves time in library maintenance. Book renewal dates, rules for issues, renewals, recording new arrivals, projects, department books and many more can be achieved efficiently in a shorter span of time.

6. Examinations: The E-governance simplifies the examination cell maintenance procedures and saves time. It is cost effective also. Many details regarding examinations like names of internals, externals, individual subject marks, and calculating mid averages can be fed in the software.

7. Accounts: The e-governance can help the accounts department to record and preserve the details like fee payments, cash on hand, expenditure report, tracking payments etc. In addition to the above, software can be used for maintenance of fee records details.

Gender Sensitization Policy

Introduction:

Shree Santkrupa Institute of Engineering & Technology is always committed to maintain community where teachers, staff and students can work together in an atmosphere free from gender sensitization. The institute supports freedom of expression and collaboration but it follows a zero tolerance against discrimination and stereotype thinking. College will ensure gender sensitivity, gender equality as well as equal opportunities for all women.

The policy shall be applicable to all stakeholders such as faculty, student, staff, officers and visitors of the institute.

Goals of Gender Sensitization:

The goal of Gender Sensitization is to contribute towards a gender sensitive society where opportunities and responsibilities are mutually shared by men and women in equal measures.

Objectives of Gender Sensitization:

- To create stability in decision making process and equal participation of students in all the events and competitions conducted.
- To reduce the gender gap by organizing various orientations Programme and Workshops.
- To make the students understand the importance of gender equality.
- To generate the awareness with regard to equality in law, social system and democratic activities.
- To provide orientations on sanitization and hygiene by conducting health awareness camps, thus emphasize the importance of self-care.

Implementing Guidelines:

Institute will set up committees to implement and achieve the goals of the policy. Institute is implementing the following guidelines -

1. Biasness and discrimination in any form will not be tolerated.
2. Recruitment of staffs (teaching or non- teaching), equal representation of men and women is necessary to uphold the nature of the policy.
3. Special attention will be given to encourage women's participation in all the areas of studies in the institute.
4. Women specific leave will be granted such as maternity leaves.
5. The equal representation of men and women is mandatory in formation of any committee.
6. Gender sensitive approaches will be practiced in teaching and learning processes.
7. Women specific needs will be taken care at the time of renovation or in creation of new infrastructure.

Compliance:

All Directors, Administrators, Staff, Student and others holding responsible positions will implement the policy guidelines as stated above. The institute may facilitate conduct of annual sustainability audits of campuses to ensure compliance of the policy.

Clean and Green Campus Policy

Introduction:

Shree Santkrupa Institute of Engineering & Technology (SSIET) plays a crucial role in protecting the environment and keeping campus green. In accordance with this broad vision focusing on developing 'Green Campus', the SSIET `Green Campus Policy' affirms its commitment to recognizing environment and sustainability related issues at campus and demonstrates its intention to address those issues through continual improvement in developing sound environmental policies and safe operational and sustainable practices in compliance with the national mandates and guidelines framed by the Govt. of India.

Goal:

The Green Campus Policy of the college envisions a Clean and Green Campus where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus and beyond the campus. It also offers the institution an opportunity to take the lead in redefining its environmental culture through instilling environmental ethics among the students and staff.

Objectives:

- To aware the students and staff to minimize the use of polluting products and use environment-friendly products and services.
- To Create awareness about environmental issues by organizing Events, Awareness Campaigns, Cleanliness Drives, Seminars, Workshops, presentations, Tree Plantation Drives, Wildlife Photography Competitions, Rangoli Competitions, Study Tours, Guest Lectures, Talks, etc.
- To promote and implement collaborative partnerships with relevant stakeholders such as government organizations, industry, civil society organizations, NGOs and academic

institutions to improve policy and understanding of Green Campus initiatives to enhance capacity of organization.

- To conduct regular environmental audits for improvement and sustainability of all campus.

Implementing Guidelines:

The Institution is committed to managing its campus in accordance with its Clean and Green Campus Policy by carrying out the following activities –

- Landscaping with Trees and Plants.
- Ban on use of Plastic.
- Restrict the Use of Petrol/Diesel Vehicles.
- Initiated for alternate sources of energy.
- Use of LED Bulbs/Tubes and Power Efficient Equipment.
- Rainwater Harvesting.
- Paperless Office and Communication.
- Proper Waste Management.
- Hazardous Chemical Waste Management.
- Water Management.
- Display Boards to Promote Environmental Sensibility on College Campus.
- Conduct regular environmental audits.

Policy Benefits:

1. Institutional benefits:

- Development of a forum for institute management, academic staff and students to meet and interact on common interest.
- Development of balanced campus community.

- Prevent and reduce negative environmental impacts.
- Enhances branding, promotion and publicity as a Sustainable Institute.

2. Local Community benefits:

- Sets an example in the locality for adaptability towards the environment.
- Participation of local community, leaders and groups in expansion of outreach activity.
- Sharing of experience and best practices.
- Enhancement in health, sanitation and waste management in the local community.

Compliance:

All Directors, Administrators, Staff, Student and others holding responsible positions will implement the policy guidelines as stated above. The institute may facilitate conduct of annual sustainability audits of campuses to ensure compliance of the policy.

Subject: Transcend.....with Dr. Rani Desai

My Dear Colleagues,

Life is difficult. This is not my original discovery but something written by M. Scott Peck and something I totally agree with.

Life can be even more difficult for those with responsibility. When you are looked up to by your family, peers and juniors for guidance, direction and attitude the burden of responsibility can get heavy.

And all of us can benefit from having someone who has been through this, someone who has lived a life full of deep experiences & responsibilities, and has excelled through all of it.

I have the great pleasure of introducing one such person, Dr. Rani Desai, to you. She has spent a lifetime in the corporate ecosystem of our country and has reached the pinnacle, leading the Human Resources for corporate giants such as Mahindra & Mahindra, Mastek, Blue-Dart & Deloitte. Click here to access Dr. Desai's LinkedIn profile and to know more about her.

We are lucky that she has agreed to mentor a select few of Shree Santkrupa Shikshan Sanstha's leaders. You have been chosen for this mentoring program because we value you and because we feel you can reach even greater heights as an individual, as a teacher & as a leader with the help of this mentoring program.

Over the course of the next 6 weeks, Dr. Rani Desai will have 5 one-on-one mentoring sessions with each one of you. These sessions will be conducted online through the Zoom platform. During these sessions you are free to discuss all your problems, difficulties, ideas & suggestions with Dr. Desai. These can be of a personal nature as well as related to the work that you do. A mentor can often see what it is that we need the most and gently point us to the right direction. The intent of the Transcend program is to aid your development and formulate an action plan so that you can achieve your highest vision.

The strictest of confidentiality standards shall be maintained by Dr. Desai and no one else will be privy to the specifics of what is discussed between you.

Run For Unity: Unity Pledge, National Unity Day

It is another momentous day, the flagging off of National Unity Day i.e Rashtriya Ekta Divas with a run to commemorate the birthday of a noble hero – Sardar Vallabhai Patel. Who better an icon for the unity day and the unity pledge than the man known as "Iron Man Of India". Modi flagged off the run with a beautiful speech about the importance of Vallabhai Patel and his contribution to India. A small note of respect to Sardar Vallabhai Patel quotes can be found here.

What is unity day?

For a nation with a population of 1.2 billion, 29 states, more than 4000 languages and umpteen cultures and diversities, a single idealogy was never the easiest thing. For a nation which promoted tolerance, secularism all through its life cycle the phrase "Unity in Diversity" is the most relevant and the most sensible one too. As a nation, we promote this idea not only within but also to the external world where tolerance alone can make and mark a huge difference.

So, why do we need a day to celebrate unity? Why do we need a day to celebrate independence? Why a day for being the republic? Why Gandhi's bday or anybody else's? It is to mark the contribution of some of the most elegant leaders the world has ever seen. It is not just to mark the contribution of someone, it is to spread the values they stood for, what they meant and what it means. The idea of unity will never be obsolete for a country like India and the Run For Unity was just a start.

Meaning of Unity Day

It means that the strongest political leaders gathered together to mark the run, to spread a message, they all got together with a pledge to strive to unite the nation, beyond all the differences each one may project, the final goal has and will always be the image of the country over anything else.

Significance

History dates back to the 1600's when the idea of divide and rule was in its inception. It reached its biggest success in a huge country like India under the chains of the English rule. The single most effective strategy they followed was divide and rule – divide people on the lines of their differences and pit one against each other and make the best of the situation. You may use any word to describe the strategy followed but it proved to be a very effective one. From there, to be a single country from 500 odd warring individual states was an accomplishment to say the least. And we have become a single country of that significance now and we will continue to promote that goal and ideal and that is the meaning of the run for unity today.

The Pledge

"We the citizens of India make a pledge to uphold the ideals of unity, safety and make a promise that we will spread the message to our fellow Indians to breathe the morals of unity, tolerance, fraternity marking a nation of a value and a dream"

The idea of unity is not just a formality, it is a responsibility. And to take note, it is also a staunch remembrance that it is one of our fundamental

duties as mentioned in the constitution to uphold these values of fraternity and the pledge was a certain necessity!

About Vallabhai Patel and his contribution to Unity/ Freedom

- He was the architect of Modern India
- He was a founding father of Republic India
- He organized peasants for non-violent civil disobedience movement, strongly based on Gandhi's values providing a staunch support for him
- He was the first home minister of Independent India

Shree Sanikrupa Institute of Engg. & Tech. Ghogaon

Scanned with OKEN Scanner

- He was responsible for the unification of the country, esp. the princely states which wanted to maintain their own supremacy even after independence and would have chosen separation from India as a whole

Who better than this man for the icon on "Unity in India"? The man who was responsible for unity, the man who strongly promoted and followed the Gandhian values and paraphrasing what our prime minister said –

"Just like the contribution of Ramakrishna Paramahamsa would have been incomplete without Vivekananda, Gandhi's vision of unity would have been incomplete without Sardar Vallabhai Patel"
